Arnhem Set V-E Day Back

German Collapse
More Remote
Than When Recent
Report Was Made

By Sterling F. Green
WASHINGTON, Oct. 6
—(AP)—The failure of Allied airborne troops at Arnhem, in the opinion of OWI Director Eimer Davis, makes "more remote" the chances of victory in Europe this year.

Davis said the "Arnhem affair" had made out of date an Office of War Information report which had predicted Germany would go down "before, or not long after, the end of 1944."

He referred to the heroic 11-day struggle to hold a bridgehead across the Rhine at Arnhem, Holland, against superior forces.

"Everybody agrees," Davis told reporters yesterday, that the defeat of the heroic airborne division makes German collapse "more remote than when our report was put together" three weeks ago.

The report was not intended for publication, but it "leaked" after 8,000 copies were prepared and some 4,000 were distributed to persons in the advertising business.

Forecasts that 5,000,000 workers would change jobs after V-day in Europe, and that German collapse would bring "widespread and in some quarters serious" dislocations in civilian life were made in the OWI report.

War Job Best
While a substantial part of the displaced workers will be absorbed in the task of re-converting industry, the survey said that "in most cases a war job will continue to be the best job for at least six months after V-E day."

Intended to guide advertisers in planning future campaigns in behalf of the war effort, the survey said inflationary pressures would increase after V-E day and "price controls accordingly may be continued for quite some time."

The need for heavy government borrowing will continue, it was said.

Ration Survey
On rationing, the survey gave these as probable trends following V-E day:

Butter and sugar — Probably will remain rationed.
Cheese, Fats, Milk and Cream, and Better Grade Meats — Short supplies for first six months, with rationing uncertain, but plentiful thereafter.

Processed Foods, Fresh Fruits and Vegetables — Adequate supplies without rationing.

Shoes — Rationing will continue; other clothing will be short of civilian need.

Gasoline — Very gradual easing over several months period.

Fuel Oil — Rationing next winter as well as this.

Passenger Car Tires — Rationing terminated within 3 months.

Grand Jury to Take up Pay 'Kick-Backs'

Convenes in
Jefferson City
This Morning

JEFFERSON CITY, Mo., Oct. 6.
—(AP)—A Cole county grand jury of seven Republicans and five Democrats was directed by Circuit Judge Edward T. Eversole today to "inquire diligently" into reports of salary kick-backs to Missouri senators by their state-paid secretaries.

After hearing the judge's charge which exhorted them to "leave no guilty man unpunished," the jury met only briefly to organize and then recessed until next Wednesday.

E. S. Bond, Russellville Democrat, a former presiding judge of the Cole county court, was named foreman of the jury.

Prosecutor Curtis Quimby, who asked for the grand jury after Miss Ruth Riemenschneider signed a statement that she turned back \$164 of her pay as secretary in the 1943 legislature to State Senator George H. Miller of Sedalia, did not announce immediately what witnesses would be subpoenaed.

Miller, who is the Republican nominee for attorney general, said Miss Riemenschneider was hired only for part time work with the understanding part of her pay would go to another secretary to do part of his senate work in Sedalia—and added that "other senators did as I did."

Formal Charge
In his formal charge to the second grand jury summoned in three years to probe Missouri's legislature, Judge Eversole exhorted the jurors to "inquire diligently into accusations presented to you" and to "leave no guilty man unpunished."

He did not go into details of Prosecutor Curtis Quimby's request which inspired the calling of the grand jury, explaining "I will leave those details for your discovery from the witnesses that are called before you."

He merely told the jurors "the prosecuting attorney in his application represents that he believes and has good reason to believe, that certain public officers making appointments of employees in the regular session of the Missouri legislature during the 1943 session violated the statutes of this state in some particulars concerning the appointment and the remuneration therefore."

May Be 'Numerous' Cases
Quimby told Eversole Monday he believed there were "numerous" cases of legislators "making appointment or preferment for office or for employment the subject of contract" which he called bribery, subject to penalty of seven years imprisonment.

Work Still Stopped

KANSAS CITY, Oct. 6.—(AP)—The work stoppage at several Greater Kansas City mills entered its fourth day today after union workers, estimated by their leaders at about 1,000, voted last night to remain off the job.

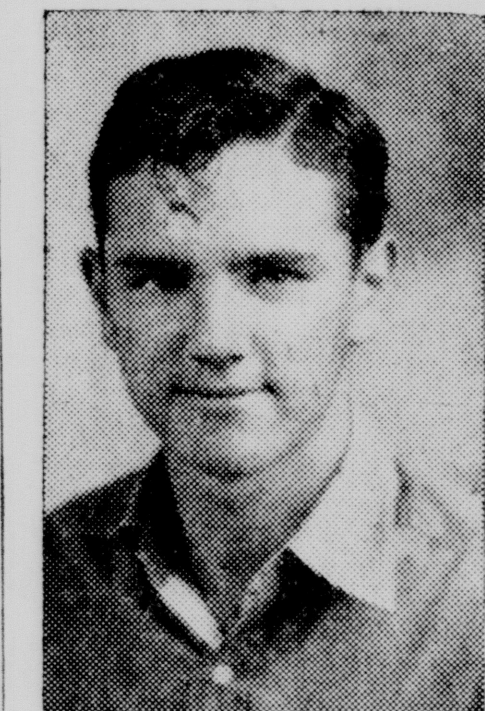

One Day Left For Clothing Collection

One more day remains for the united church emergency collection of clothing in Sedalia for liberated countries of Europe. The collection depot, 308 South Ohio avenue, will be open on Saturday from 9 a. m. to 5:30 p. m. for gathering of new and usable old clothing for men, women and children. All kinds of clothing are being sought except shoes, rubber goods, evening clothes and rags.

The clothing is being collected by the Roman Catholic, Jewish and Protestant congregations of Sedalia and will be shipped to the needy people in Europe for use this winter by the United Nations Relief and Rehabilitation Administration.

Purple Heart To Earl Rains

Staff Sergeant Earl Rains, son of Mr. and Mrs. J. E. Rains, 801 East Ninth street, has been awarded the Purple Heart which was sent to his wife in Colorado Springs, Colo.

SGT. EARL RAINS

Sgt. Rains was wounded in action in France on August 22. In a recent letter to his parents he said that he had been wounded in his left hand and is now convalescing in a hospital in England. He entered service in 1942 and was sent overseas in June of this year.

Mr. and Mrs. Rains have two other sons in service, Pfc. Joe Rains, who is in Belgium and Raymond Rains, in the U. S. Navy somewhere in the Pacific.

1,200 U. S. Bombers Over Nazi Targets

LONDON, Oct. 6.—(AP)—A fleet of more than 1,200 American heavy bombers attacked an airplane engine plant in Berlin and numerous other industrial objectives and airbases in Germany today.

Strong forces of British heavy bombers dumped a profusion of two-ton bombs and more than 350,000 incendiaries last night on Saarbrücken, a major rail center and arsenal in the Siegfried line behind Metz. Enemy broadcasts said it was a terror raid.

British Mosquitos before dawn gave the German capital a sample of the heavier shower of explosives rained by one large force of the four engine American planes in daylight.

Purple Heart to Pvt. McEniry

Pvt. Charles B. McEniry, son of Mr. and Mrs. C. J. McEniry, 412 Dal-Whi-Mo Court, who was recently wounded in France, has been awarded the Purple Heart, according to a letter to his parents received this morning. He is sending the award home, he writes. Pvt. McEniry is still a patient in a hospital in England, to which place he was taken by plane from France. He is able to leave the hospital for a short time occasionally and recently visited at the home of two former Sedaliaans, Tom and Harry O'Gara. Their sisters reside in the O'Gara home there and Pvt. McEniry enjoyed seeing and visiting with them. Harry O'Gara, who returned to England, is in the English Air Corps, stationed in England, but not in his home city.

USO Director Is Going to Philadelphia

Wayne VanZandt
Takes Position
With Youth Club

Wayne VanZandt, who for the past year and a half has been the director of local USO clubs, has handed his resignation both to the local committee of management and to the army and navy department of the YMCA to accept a position in Philadelphia, Pa., as executive director of the Nicetown club for boys and girls.

Mr. VanZandt and family will leave Sedalia the latter part of this month for Philadelphia. The Nicetown club is affiliated with the Boys Clubs of America, a national social organization dealing with youth, particularly boys. The Nicetown club in Philadelphia is serving youth and adults of an under privileged nature in one of the large industrial sections of that city. They have a staff of seven persons and a three story building equipped with a gymnasium, auditorium-gymnasium, club and game rooms, dental clinic, library, kitchen, showers, and has a playground adjacent to the club equipment with swings and game equipment and a large athletic field across the street.

In YMCA Work

For the past twenty-four years Mr. VanZandt has been affiliated with the Young Men's Christian Association doing youth work, adult work, physical education, summer camping and community program work. Before entering USO work under the YMCA agency he was associate general secretary at the Marion, Indiana Y. M. C. A., doing work in physical education and community recreation. In USO work Mr. VanZandt was in New York City and Fort Smith, Ark., before being assigned to Sedalia. Recently he was offered the directorship of one of the USO clubs in Kansas where they have a monthly attendance of about fifty thousand, but declined to go back into a local field in social work, where he feels there is a greater challenge for developing character and personality among the youth served.

Mrs. VanZandt has been active in church and women's work in Sedalia as well as through the USO. She and their son Philip will go with Mr. VanZandt and they will be joined by their daughter Jean, who is now in Michigan. Jean, married to Pvt. Max Curry of the US Marine Corps, will be nearer her husband, who is at present stationed in North Carolina.

D. C. Davis, Jr. Promoted to Major

Major Davis was graduated from Chanute Field, Rantoul, Ill., in September, 1942, at which time he was commissioned a second lieutenant. For the past eighteen months he has been overseas, going first to North Africa and since last December has been in Italy.

Need Blood Donors For Next Week

Leaders of the Red Cross Blood bank, which starts Monday and continues throughout the week, are discouraged today. They do not have enough reservations to keep the doctors and nurses busy even throughout the first day.

They believe the people of Sedalia and Pettis county will respond—they always have—but they would feel much more comfortable if they would call now and make reservations. The blood plasma is needed just as much now, if not more, as it was some months ago, so do not fail to do your share.

Bomb Kurile Islands, 310 Miles of Japan

Two Bombers Shot
Down in Fierce
Air Battles

By Leonard Milliman
Associated Press War Editor

Aleutian-based bombers swept to within 310 miles of Japan in their deepest strike at the Kurile islands, a Tokyo broadcast reported today in the wake of the second devastating American blow, at one of Nippon's greatest gasoline production centers.

Domei news agency said 12 Liberators attacked Kita island in the Kuriles twice Thursday morning. It said two were shot down in "a fierce air battle."

Kita is a pinpoint island 90 miles closer to Tokyo than any target previously hit on the northern road to Japan. No land-based bombers except superbombers have been closer to Japan. The distance from the Aleutians rivals the 2,500 mile round trip flight made by southwest Pacific Liberators hammering at Balikpapan.

Mass Raid

"Suicide Boys" of the 13th air force returning Tuesday from the second mass raid on the Borneo oil center said they "bombed hell" out of Balikpapan despite a vicious Japanese defense.

Seven Liberators and at least 19 Zeros were shot down in an hour long air battle between about 40 unescorted bombers and an equal number of interceptors. Anti-aircraft gunners, directed by a Japanese bomber that flew in ahead of the Americans, put up the heaviest flak encountered in the Pacific war.

The attack was the most costly Liberator raid in the southwest Pacific. Nevertheless it was a success, said Maj. Gen. Clair Street commanding the 13th air force. He added, "It took every bit of our skill, courage and ingenuity to pull it off."

Bombardiers scored direct hits on two refineries, storage tanks, a factory and barracks.

Pvt. Ferd Smith Dies in Action

Private Ferd Smith, son of Mrs. Mason Morgan, 1118 East Fifth street, and Fred Smith of Florence, Mo., was killed in action in France on September 19, according to a message received by his mother today from the War Department.

Pvt. Smith was born in Sedalia April 21, 1911. Four years ago he was married to Miss Anna Mae Karriek of Gillespie, Ill., who survives him. He entered service in April 1942, and went overseas in July of this year. About two months ago he was wounded in action when a mortar shell blew up in his face, and was in a hospital in England for several weeks. His mother has received the Purple Heart which he was awarded when wounded. He had recovered from the injuries and had just been sent back into action.

Surviving besides his wife and mother are his father, the following sisters, Nellie Smith of Florence; Mrs. Helen Smith, 1118 East Fifth street; Mrs. Marion Estes, 2501 East Broadway and Mrs. Della Reed of Eldon, Mo., and one brother, Norman Smith, Santa Ana, Calif.

Vic Osborne, of Kansas City, pleaded guilty in the circuit court, criminal division, Thursday, to taking part in the theft of a suitcase from a woman passenger on a Missouri Pacific train, and was sentenced to two years in the penitentiary. He was arrested with his wife and Raymond Regional Hellums, also of Kansas City, September 13. Hellums pleaded guilty previously and was sentenced to two years in the penitentiary. Mrs. Osborne had asked for a severance and is being held in the county jail pending her trial, which is set for October 30.

First Army Soldiers Had to Fall Back In Fifth Day Attack

TODAY ON THE
War Fronts

CHUNGKING, Oct. 6.—(AP)—

Japanese forces which invaded Fukien province have reached the northwestern suburbs of Foochow, the Chinese high command said tonight.

The Japanese, who have occupied the important port before, apparently expect to take it again without difficulty. The landings in Fukien were announced by Tokyo early this week, and were pictured as part of an attempt to forestall American landings from the Pacific which would "sever" our (Japanese) communications with the southern region."

LONDON, Oct. 6.—(AP)—Several "Volksrenadiere divisions"—Himmeler's home guard units—have gone into action on the western front, the Frankfort radio said today.

WASHINGTON, Oct. 6.—(AP)—Evidence that Japanese army doctors "are under orders to kill their own patients if their capture appears imminent" is reported by Brig. R. W. Bliss, assistant surgeon general of the army.

Bliss, just back from the Pacific, also told reporters that the Japanese "have bombed their own hospitals with patients in them."

ROME, Oct. 6.—(AP)—Allied land forces of the Adriatic have sealed off the entrance to the Gulf of Corinth in their Greek invasion by capturing the fortified port of Rion. Allied headquarters announced today. Official Greek reports indicated that more than half the Peloponnese was securely in the hands of the British troops and Greek patriots.

LONDON, Oct. 6.—(AP)—After a week's lull, flying bombs struck parts of southern England and London during the night—launched from Heinkel aircraft ranging over North sea.

At least one of the robot-carrying planes—which give away their position by the flash of light emitted in the launching of the bombs—was shot down in flames by an RAF Mosquito pilot.

LONDON, Oct. 6.—(AP)—Allied fighter bombers swooped on Dunkerque at 10 a. m. today at the exact moment the truce with the stranded German garrison expired.

SAN FRANCISCO, Oct. 6.—(AP)—A business of "300 years standing" has been abandoned on Shikoku island in Japan.

The Tokyo radio announced yesterday fan makers have plunged into aircraft production because "their delicate technique in fan making will henceforth do much toward increased production of airplane wings."

The broadcast was recorded by the FCC.

Germans Met Their Assaults With Hundreds of Guns and Infantry

LONDON, Oct. 6.—(AP)—First army soldiers, jumping off to the fifth day of attack in their wedge in the Siegfried line at Ubach, ran into a storm of heavy armored counterattacks today and had to fall back at two places.

The Germans, acknowledging their Siegfried defenses had been breached, threw their first sizeable armored forces with hundreds of guns and infantry into their assaults in fierce determination to block the road to the Rhine. The Americans had to fall back from Beggendorf, a mile east of Ubach and three-to-four miles inside of Germany.

Under the pressure the Americans also were forced off the top of a pillbox ridge a mile and a half south of Ubach and a mile east of Herbach.

But they held on to the lower slopes, and Allied airpower, given clear skies for the first time since the wedge battle started, flew at the chance to deal devastating blows on enemy armor.

The Americans, who got off to the attack early today from Ubach, ran into new obstacles as they sought to exploit their gains behind the Germans' main belt of steel and concrete.

The first, east of Ubach, was a system of "community diggings"—freshly turned trenches dug by civilians. These proved formidable as they had been constructed to permit mobile guns to run into them, fire and change positions before Allied artillery could reply.

The second was southeast of Ubach, along a 500-yard stretch, where a "battle of the barracks" was taking place. Here in four story concrete structures the Germans had concealed a veritable fortress about which they had clustered anti-tank guns, artillery and mortars.

Within Rifle Range
The Americans had advanced to within rifle range and Allied planes were divebombing the buildings, while Sherman tanks and flight after flight of Allied planes met the enemy armored onslaughts headon.

Admitting a breach had been made, today's German communiqué said: "The enemy started another attack from his breakthrough in eastern and north-eastern directions. He was, however, checked by our own counterthrusts. Forty enemy tanks have been destroyed in the course of a recent two days."

Another breakthrough was acknowledged by the enemy in the area north of Nancy, in the third army sector.

To the north, the Germans declared, more Allied parachutists had been dropped in Holland to reinforce the Allied-held western loop between the Neder Rhine and the Waal west of Arnhem and Nijmegen in Holland.

To the south Lt. Gen. George S. Patton's infantry, sprayed with shellfire from German strongpoints on either flank, fought into their third day for Fort Driant whose "buttoned in" garrison battled from underground passages and trapdoor gunposts.

Merry-go-Round

by Drew Pearson

WASHINGTON, Oct. 6.—The details as to how Germany is to be divided into three parts after the armistice hitherto have been a carefully guarded secret among Roosevelt, Churchill and Stalin. The plan was broadly agreed to at Teheran, but since then has been signed in more detail. Here is the general outline:

The Russian army will take over eastern Germany to a point 200 miles east of Berlin. Its occupation area will extend from the Baltic along a rough line stretching through Rostock on the sea down through Hanover, Magdeburg, Leipzig to the Czech border.

In the west the British army will occupy Germany from the border of The Netherlands to the Russian line and from Denmark to the Rhineland.

The American army will occupy southern Germany, including portions of the Rhineland, all of Bavaria, Munich and all of Austria.

The occupation of Berlin itself will be a joint affair, with the United States, Britain and Russia sending an equal number of troops to make their headquarters in the German capital.

All this explains the current grouping of Allied forces on the German front. That is why the British are fighting in Holland while U. S. troops batter the central part and southern end of the Siegfried line.

It is felt that the occupation will not be easy, that all groups must carefully work together from the very start. That's why two separate political and military Allied missions are prepared to move in to Berlin immediately after the armistice and make the German capital headquarters for the occupation of the conquered Reich.

Wallace Looks to 1948
Vice President Henry Wallace has kept it secret thus far, but he plans to go into Senator Harry Truman's state of Missouri this month and campaign for the Roosevelt-Truman ticket.

Wallace is now busily trying to re-elect Roosevelt and is also eagerly mending his own political fences on the long range chance that he'll be the Democratic presidential candidate in 1948. Thus, Wallace is now moving into the key states of Indiana, Ohio, Michigan, Wisconsin, Illinois, Iowa and Minnesota, will not return to Washington again until after election day.

In all these states, Wallace had some delegates at the Chicago convention, finally lost out because he didn't have enough.

Already on his tour Wallace has made many friends in Pennsylvania among Democratic delegates who opposed him last July.

One unusual technique Wallace uses on his current campaign tour is to meet with the mayor of every city. When he met Fiorello La Guardia in New York, recently, Wallace was asked by the Little Flower why he saw so many mayors. Wallace grinned. Added La Guardia:

"You couldn't be trying to swipe my job as president of the United States Mayors' Conference, could you, Henry?"

"No," replied Wallace, "I'm not that much of a fireman."

Note: Wallace is paying all his own expenses on his campaign swing, is taking no financial aid from the Democratic national committee.

Byrnes Intent on Retiring
The White House didn't announce it, but the other day ex-Justice Jimmy Byrnes, now War Mobilizer, was offered the prize job of U. S. high commissioner for the occupation of Germany. This is considered one of the most important assignments in all post-war Europe, and the president wanted Jimmy to have it in compensation for hurt feelings when he was not accepted as vice president at Chicago.

Byrnes, however, turned the choice plum down. He is intent on going back to South Carolina to practice law, take life fairly easy, perhaps even dabble in politics again. He has given up any idea of returning to the supreme court.

Meanwhile, the president has decided not to appoint Diplomat Robert Murphy as high commissioner for Germany, unless Cordell Hull is able to conjure up more persuasion than in the past. FDR is peeved over the unfavorable reaction to Murphy's appointment as adviser to General Eisenhower, isn't anxious to award him any more promotions.

Civilian Czar Henderson
Ex-OPA Czar Leon Henderson, who is being considered as economic boss of occupied Germany (not high commissioner) was walking down Fifth avenue the other day intent on watching Herbert Hoover.

Armour Creameries has been organized by Local 520 of the Amalgamated Meat Cutters and Butcher Workmen of North America, it was reported by Leo LaLauce, International representative of the union.

An election at the plant in Sedalia resulted in a vote in favor of union representation, the final figure being 176 for the union and only five against. The election results were certified by the National Labor Relations Board on July 8 and on September 7 a union shop committee met with the management and negotiated an agreement with the company.

The workers will receive as a result of the organization five cents an hour basic increase in pay for men and women, a classification of semi-skilled and skilled workers, a night premium of five cents an hour, pending approval by the National War Labor Board. Another provision of the agreement is a four-hour notice before reporting for work or a guarantee of four hours' pay and a guarantee of four hours at time-and-a-half on recall.

Sunday School Lesson

Christian Must Decide Way of
Life Then Trust in God and Serve
Others. Text: Matthew 4:1-11;
6:24-34; Luke 4:16-21

By William E. Gilroy, D. D.
A program for meeting life's
problems is a large order, but Je-
sus in His teaching and example
has met it in a large way. The
passages suggested for study offer
guiding principles to help us in the
immediate questions and problems
that arise from day to day.

The story of the temptations of
Jesus directly implies that the first
and major problem that has to be
faced is that of basic decision. What
sort of life is ours going to be?
Do we most want to be true
and right, or are we more concerned
about worldly success in money,
power, or some satisfaction of our
vanity? Jesus had to face these
temptations and so has everyone,
directly or indirectly.

Men of very different sorts have
had to make commanding crucial
decisions as to the sort of life they
intended to live. Neither John
Stuart Mill nor Thomas Carlyle
was religious or Christian in the
conventional sense, yet both men
recorded decisions in early life
that one of them compared to the
experience of "Methodist conversion."

There is not much chance of sat-
isfactorily solving any of life's prob-
lems until that major and basic
problem is solved. Perhaps the
greatest loss in the passing of the
older type of evangelism is the
lack of the crucial decisions that
were the vital and climactic aspect
of the great campaigns of evan-
gelists like D. L. Moody. It is this
lack that leaves so many lives
weak and floundering and that
marks the lives of many church
members as futile and unfruitful
in the religion they profess.

Compare the lives of the many
church members who go to church,
when they feel like it, with the

life of a real Christian who has
made the service of God and his
fellowmen the supreme thing in
his life, and not a matter of whim,
mood, or convenience. The king-
dom of God and its choice is the
first thing in life, according to
Jesus. If you want to solve life's
problem, get your life itself right,
at its very source.

A second thing is the attainment
of faith, and trust in God. No life
can be strong that is marked by
doubt, distrust, or worry. Tenny-
son in "In Memoriam" wrote of
his friend, Arthur Hallam, who
"fought his doubts and gathered
strength," but there is no strength
in persistent negative doubt. So
also, there never was a situation,
no matter how bad, that worry
made in the least degree better.
Yet faith is not always easy, and
we would be less than human if
we did not worry when things go
wrong. We must learn in the
school of the Master if we would
attain the fullness of faith, and
learn to live above worry, putting
all our strength into making bad
situations better, instead of allow-
ing them to depress and conquer
us.

And the third element of
strength in solving life's problems
is in learning and practicing the
lesson of service to others. Jesus
said the spirit of the Lord was
upon Him because, in the lan-
guage of the prophet Isaiah. He was
appointed to preach the gospel to
the poor, to heal the broken-heart-
ed, and to fulfill all the rest of that
great commission.

The words may change, but the
substance remains. Every age and
situation needs those who will love
and serve. It is often the way of
sacrifice, and sometimes of hard-
ship. But those who have taken
that way have found that, in help-
ing to solve the problems of others,
they have gone far toward solving
their own.

Columbus Day

On Columbus Day Americans commemorate an epochal event in history. Through the faith of one man a new world was discovered. The thought is an arresting one. But it is not any more striking than the reflection that we who are the heirs of Columbus may discover another new—and better world. Our search is for a world of peace.

There were sophisticates who called Columbus a dreamer; obstructionists who stood in his path; skeptics who considered the Genoese sailor a plain fool. History has given the lie to them all. And now the past speaks in intimate terms to the present. It speaks to men who are ready to embark on a mission that will end not merely in the discovery, but the preservation of a new world.

October 12 should be a day of inspiration and challenge to the seekers after peace. Before them dangle the same specters of fear, the same doubts, that haunted the men of Columbus's crew. Their voyage will take them into unknown, uncharted waters, where sudden storms may rise to destroy them. But if their ships are the Santa Maria of faith, the Pinta of courage, the Nina of steadfastness, they will come through safely. If for a star they have the light of God's Word, they need have no fear.

It was said that when Columbus, his goal won, set foot in San Salvador, his sailors fell at his feet, and begged forgiveness for not having believed in him. It is the faith of Columbus that this age must emulate; otherwise, in the stress of rivalry and dissension, the peace-seekers will be swallowed up in the seas of discord long before they have come in sight of the new free world which is the hope of mankind.

CHRISTIAN SCIENCE CHURCHES

"Are Sin, Disease, and Death Real?" is the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, October 8, 1944.

Golden Text: Psalms 30:2,3. Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Wash you, make you clean; put away the evil of your doings from before mine eyes; cease to do evil; Learn to do well." (Isa. 1:16,17 to 20).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Christ is the ideal Truth, that comes to heal sickness and sin through Christian Science, and attributes all power to God. Jesus is the name of the man who, more than all other men, has presented Christ, the true idea of God, healing the sick and the sinning and destroying the power of death" (p-473).

World Series News Briefs

N N By Ben F. Phlegar
ST. LOUIS, Oct. 6.—(P)—Whitney Kurovski of the Cardinals and Gene Moore of the Browns have the most hits in the series, three apiece, but Emil Verban and George McQuinn have the best batting averages, each with .400. They have made two hits in five official trips to the plate.

An army sergeant drew a round of applause from the fans when he made a nice catch of a foul off Augie Bergamo's bat in the second game. But few who cheered knew that the soldier was Tommy Bridges, ex-Detroit pitcher now stationed at Camp Crowder, Mo.

When Emil Verban scored for the Cardinals in the third inning of yesterday's game it broke a string of 23 consecutive runless innings for Brownie Pitcher Nelson Potter.

Walker Cooper's 15 putouts in the second game established a new series record for a catcher, erasing the old mark of 14 set by Mickey Cochrane in 1929 and Gus Mancuso in 1936. However, the old record was for a nine-inning game. Yesterday's contest ran 11 innings.

Potter became the fourth pitcher in series history to make two errors in one game yesterday, the second to make them both in the same inning. The play on which he fumbled a bunt, then threw wildly to first was entered on the official score's records as a sacrifice, and two errors. No similar play is listed in world series records. The other hurler who made two miscues in the same game was Max Lanier, Potter's opponent in yesterday's game.

Yesterday was the fifth time in eight world series that the Cardinals have won the second game of the classic. On three of the four previous occasions, the Cardinals have gone on to win the series.

Thursday's Game Will be Remembered

Cardinals Win 3-2 in 2nd World Series Game

By Jack Hand

ST. LOUIS, Oct. 6.—(P)—Encouraged by the phenomenal blitzing of young Sylvester "Blix" Donnelly, Manager Billy Southworth of the Cardinals put the finger on another freshman right-hander today. He named Teddy Wilks to oppose 26-year-old Jack Kramer of the Browns in the third game of the world series that is knotted at one game each.

Billy the kid gambled heavily yesterday and won on Donnelly, a minor league no-hit maestro who had a mediocre 2-1 victory record all season. It was the four relief innings the Olivia, Minn. rookie threw and a cat-like play on a last inning bunt that were largely responsible for the Red Birds' 3-2 triumph in the 11-frame nerve-wringer before 35,076.

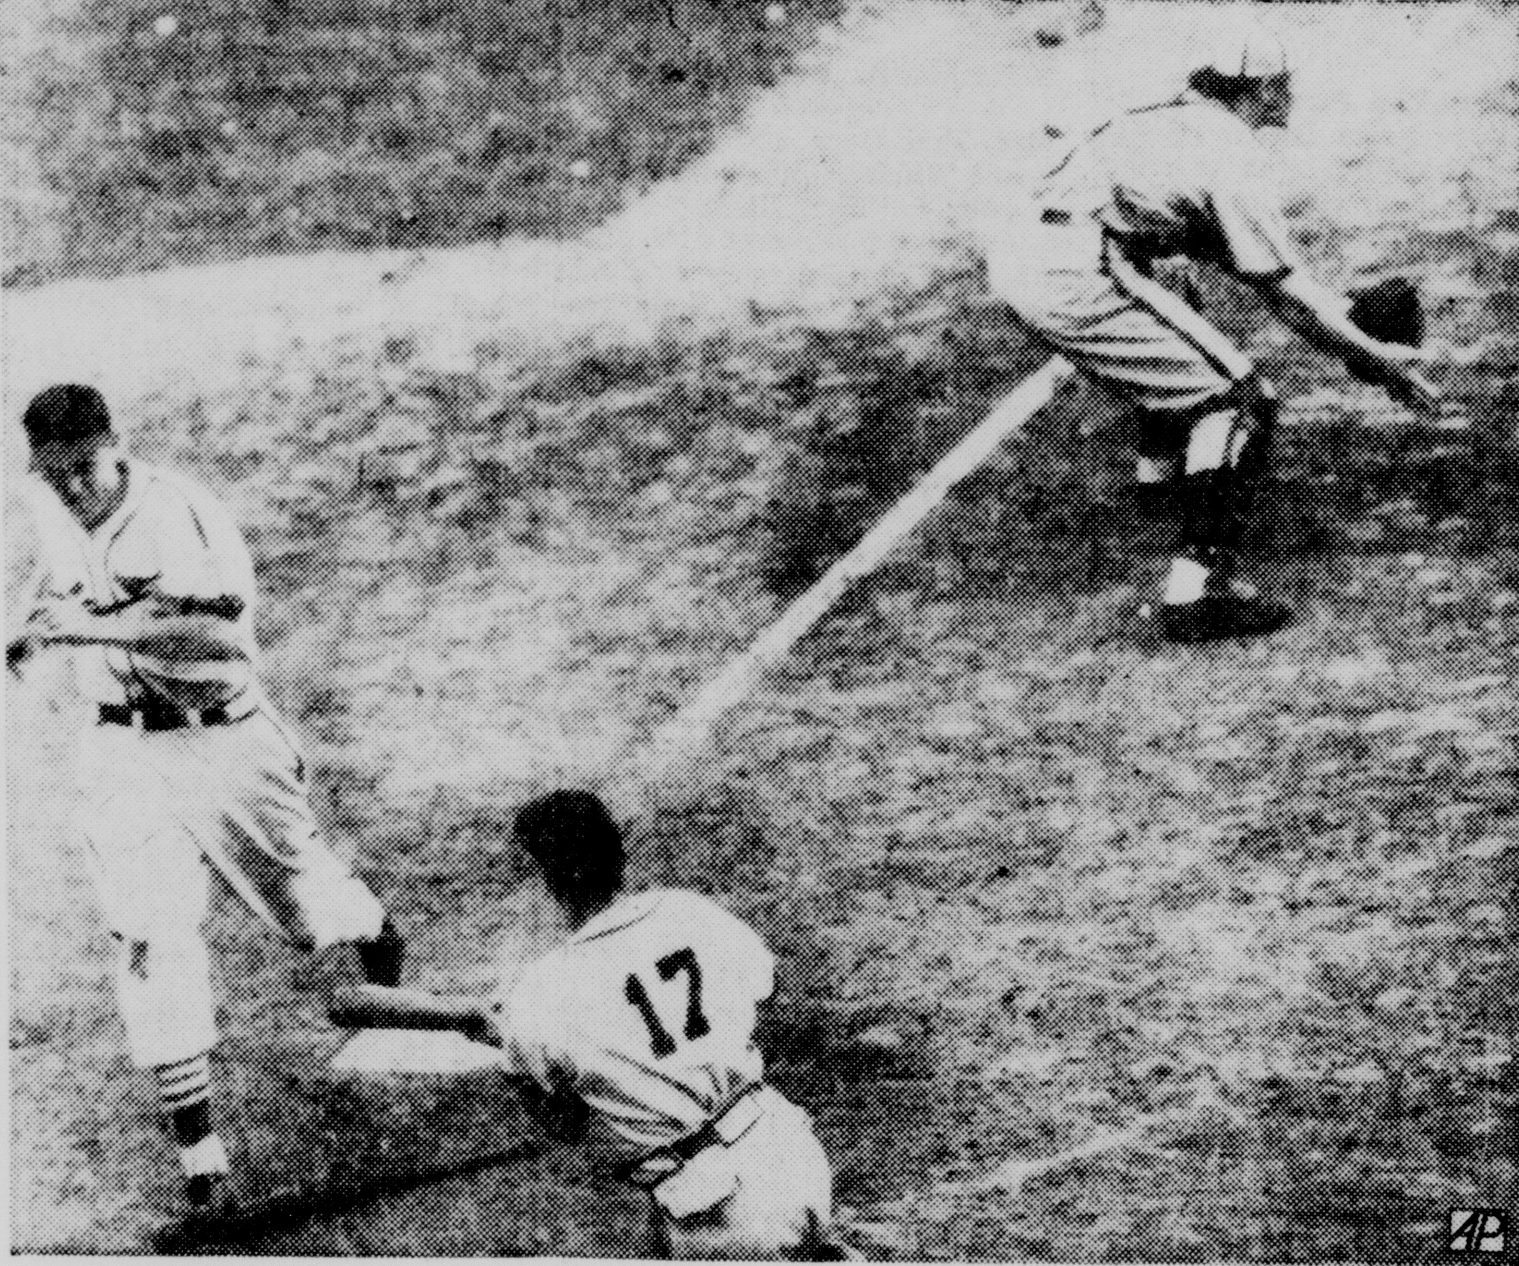

After the first two games, in which Mort Cooper was beaten and Max Lanier failed to hold a two-run lead, Southworth appeared to be going all out for youth—and the record books backed him up on Wilks. The Fulton, N. Y., farm system grad overshadowed most of the other 1944 newcomers with a 17-4 record that included a streak of 11 straight. Three of his losses came in the midst of the Birds' September slump.

Favorites Again
On the strength of Wilks' past performance chart and evidence that the Cards were beginning to look more like their mid-summer selves, the National leaguers were re-established as favorites at 9 to 20 in the series and 3 to 5 for today's game. Fair weather and continued 80-degree temperature were predicted.

Kramer, a former Seabee who was out of the game all of 1942 and most of last year, finished his first complete big league campaign with a 17-13 mark, sweeping his last four outings and winding up with a 4-1 victory over the Yankees a week ago.

It was the Browns' turn to be

The Run That Evened Series for Cards

Ray Sanders, Cardinal first baseman, crosses home plate in the 11th inning with the run that gave the Cards a 3-2 victory over the Browns to tie the World Series at one game each. Catcher Myron Hayworth of Browns, waits for throw from right field on Ken O'Dea's single which scored Sanders. No. 17 is Augie Bergamo, Cardinal leftfielder, who was waiting turn at bat. the home club today and for the next two days with the series now certain to run through Sunday. With half of the four games in which the players share already gone it appeared the "player pool" would finally reach approximately \$360,000, the lowest since St. Louis downed Detroit 10 years ago. Forty per cent of the receipts to day and tomorrow go the War Relief Fund.

A Great Game
Fans will long remember yesterday's thriller and it will provide for many hot stove league sessions. When the Brownie defense cracked in the third and fourth innings, it looked like no contest but Vern Stephens' over-the-head catch on Whitey Kurovski's foul line fly to start an eighth inning double play was out of this world.

More Telephone Calls On World Series
NEW YORK, Oct. 6.—(P)—The New York Telephone company had 106,000 calls for the results of the first game of the all-St. Louis world series Wednesday in contrast to 83,300 a year ago. Top number of calls ever received for a sports result was 118,171 for the final game of the 1943 world series.

Football Game Scores To Be Listed
Stop at the USO club in Sedalia Saturday evening and look over the scores of current football games, which will be posted, after eight o'clock.
During the world series baseball games opportunity will be given for those interested to hear the broadcasts of the games over the radio at the club. Scores will be posted, also.

Fined Five Dollars
Massey Robinson, 317 North Montebau avenue, was fined five dollars in police court Thursday morning, on a charge of drunkenness.

GERMANY WILL TRY IT AGAIN

By Sigrid Schultz
Copyright, 1944, by Sigrid Schultz. Distributed by NEA Service, Inc.
As an American newspaper correspondent in Berlin from 1919 to 1941, Sigrid Schultz saw at first hand the events that led from World War I to World War II. And she saw the behind-the-scenes preparation for the coming "war-in-peace" that she warns may culminate in World War III. This is the story of Germany's plans to win the peace, plans that even now are being put into effect.

ONE of the reasons why General Groener had insisted that Germany accept the Versailles Treaty in 1919 rather than risk another war was the fear of the French wish to split Germany into small states.
But as month after month of inflation aggravated the suffering of the people, the country seemed almost ready to disintegrate of itself, without any pressure from outside. If the people were to find unity again, it must be the magic unity of facing a common foe.
Why not, the secret circle wondered, entice France into doing something to the German people that would make her appear their common national enemy? England and the United States were already following the German propaganda lead herring: that France was insisting on unreasonable demands to crush poor, helpless Germany. Reliable witnesses have since stated that German industrialists deliberately curtailed their reparations deliveries of coal and wood to France, precisely in order to goad the French to action.
Like so many German ruses, this one worked to perfection. The exasperated French and Belgians marched into the Ruhr. Their Allies grew cool, the German factional frictions dissolved in the need for a solid front. With the Socialists and the Nationalists pulling together or the same team, the Free Corps achieved the dignity of open recruitment and of joint training with the Reichswehr.

Albert coat, brandishing a pistol, proclaimed the revolution to the 3000 astonished burghers, and took State Commissioner von Kahr, General von Lossow, and the police chief, von Seisser into an anteroom. There, while Goering soothed the crowd in the main hall, Hitler outlined the form of the new government in which each of them was to have a fat job under his orders. They remained impassive. Then he started to plead with them for their cooperation and ended, to their disgust, with an hysterical threat to commit suicide if he failed.

IN the meantime, General Ludendorff, who hadn't known of the change in schedule, was hastily summoned from his villa in near-by Ludwigsloehe. And while he tried to persuade Commissioner von Kahr and General von Lossow to join forces with Hitler, Reichswehr officers on duty in Munich heard about what they called the "Wild West scene" in the Burgerbrauekeller. They promptly reported to General von Seeckt in Berlin.

General von Seeckt informed the Munich Reichswehr officers that he could not tolerate insubordination of any kind.
The Nazi chiefs determined to go ahead and take over the government buildings. General Ludendorff volunteered to lead the Storm Troopers. His popularity with the Reichswehr men and with the police, he felt, would keep them from firing, induce them to join his side, and allow the coup to succeed.

But the police did fire. The brave Nazis scattered in all directions. The one hero of the moment was Ludendorff's orderly, who, by throwing himself in front of the general, died of the bullet meant for his superior. Ludendorff marched straight ahead, and in the end was arrested by the police.

Hitler, who had talked so glibly about heroism and suicide only the night before, rushed to one of the Nazi cars and fled to the suburban home of the American-born mother of his friend Ernest Hanfstaengl.

NOW YOU CAN FEED BABY THIS EASY NEW WAY

A new sensational process of canning milk has been perfected in Springfield, Missouri. It is called DARICRAFT. News of this discovery is sweeping the country like wildfire. And no wonder. DARICRAFT Evaporated Milk, homogenized, possesses an amazing new and faithful flavor unlike anything tasted heretofore.

Babies often difficult to feed, respond to DARICRAFT in a remarkable percentage of cases. Many doctors are highly pleased with DARICRAFT and are prescribing it to their patients for baby's use, as well as for all purposes for which a fine wholesome milk can be used.

Why not ask your doctor about DARICRAFT and get some from your grocer.

Chill a can of DARICRAFT and whip it. It makes wonderful ice cream too. DARICRAFT is homogenized.

SAAF WAC Weds Sgt. W. L. Craft

It was a strictly military wedding Wednesday in the Wyandotte County Kas., probate court with both parties in the armed forces, but there was a sentimental reason why the bride was not in her WAC uniform.

Together the bride and bridegroom, Cpl. Helen E. Rummel, 24, of Millersville, Pa., and Sgt. Warren L. Craft, 21, of San Antonio, Tex., had served in army uniform first at a station in Mississippi and then at the army air field, Sedalia, Mo. Nevertheless, Corporal Rummel exchanged her

khaki for civilian attire in deference to a memory.

The bride explained that when the comrades-in-arms first had met at a New Year's eve party in Mississippi last year she had not been in uniform. WAC members are allowed to wear civilian clothes at such social occasions and for wedding ceremonies. Judge Clark E. Tucker performed the ceremony.

Accompanying the couple were two friends from the Sedalia base, Cpl. Carolyn Musser of York, Pa., and Sergeant Norman Smith, Springfield, Mass. Corporal Musser was also in civilian clothes. The newlyweds will visit at the bride's home in Pennsylvania.

THE OLD JUDGE SAYS...

"It sounds almost like a miracle, Judge... how did we ever do it?"
"American industry did it, Sally. When the Japs conquered the chief natural rubber producing centers of the world they thought they had dealt a death blow to our war effort. But, in less than two years, we are producing enough synthetic rubber in this country to supply all our military and essential civilian requirements."
"Our rubber experts knew how to make it but the most practical process at the time required huge amounts of industrial alcohol... far beyond the already over-

taxed capacity of our industrial alcohol plants. So, overnight, our country's beverage distillers stopped making whiskey and produced hundreds of millions of gallons of the vitally needed alcohol.

"As a matter of fact, Sally, a high government official said recently '...synthetic rubber is from 6 to 9 months ahead of where it could have been if alcohol had not been available for butadiene production.'"

"We were really fortunate, weren't we Judge, to have a beverage distilling industry in existence... able to help perform this great wartime miracle!"
